

"Welcome back, Memorial Weekend was a huge success. Thank you to all the members who obeyed the rules and regulations, it was a great weekend, with no problems, and we thank all who made this weekend the success it was.

The Pancake breakfast was a huge success, with a wonderful turnout, the winner of the 50/50 raffle took home \$88.00

The Raffle basket winners have been contacted, the following winners still have their winning baskets to pick up in the office, Sites 019, 014, 478 and site 021.

More raffle baskets are available in the lodge for the fourth of July, tickets can be purchased in the lodge \$1 for one or 6 for \$5, and they look amazing, a nice variety for all.

An ongoing topic at the last few board meetings has been the deterioration of the Dells Village restroom and laundry facilities. In order to maintain guest sites in the camp, we need to make sure we have working facilities available for guests to utilize. Some action will need to be taken to repair or replace the current structure which will be a large expenditure for the camp.

We would like members to be a part of the research and preparation to present solutions to the board on the options for the facilities. We will be looking for a similar committee for longer term planning for road repaving. If you are interested in becoming a part of either committee, please contact the office or there will be sign-up sheets in the lodge to confirm your desired participation. This is your opportunity to become involved in finding the best solutions that are the most cost effective for the camp.

The camp would also like to thank those who have volunteered their time and energy in the past, for various activities, projects, and committees, it can be a challenge to name all, I do apologize if someone's name is not said or mentioned, but, if any members are willing to assist, and can help provide names and site numbers, and the various items that the member(s) have volunteered for, we would like to provide an email update recognizing all of those who have helped. Everything a member does is, be it stepping it up to assist in cleaning up common areas, around the bathrooms, lift stations, assisting in an activity, or sitting on a committee makes a huge difference in the camp ground, and without that help Camp Delton Club Inc. would not be as amazing as it is today.

Members in Overlook who have assisted in caring for various areas of the grounds:

Larry Foeckler

Gene Herman

Members who assisted Vince with Water turn on in the Spring of 2021:

Randy Disterhaft

Jim Sorenson

Carol would also like to remind everyone that according to the Rules and Regulations every canoe and boat must have site numbers on them. We recommend locking up your canoes as the wind can blow them off and cause damage to the canoe and property. We need this done by June 13, 2021. Any boats or canoes that do not have site numbers or paid for at that time will be removed.

Thank you to all,

Camp Delton Club Board of Directors & Staff
