Hiking Trails in the Dells Area

Devil's Lake State Park is about 15 miles from the Dells and offers some of the best hiking trails in the Midwest. Even folks who don't get out much can usually manage the East and West bluff trails that provide the most scenic views of the lake. Experienced hikers looking for longer hikes and less people can explore the Steinke Basin, Uplands & Ice Age trails all located east of the lake itself. The Uplands & Ice Age trails are about as close to wilderness hiking you'll find in the area but are still nicely maintained. Devil's Lake also has paved wheelchair accessible trails.

Mirror Lake & Rocky Arbor State Parks are right in Wisconsin Dells (well almost) and offer some nice trails. Generally the trails are wooded and accessible to hikers of all experience levels. There are more than 19 miles of hiking trails at Mirror Lake State Park.

Lodge Renovation Update

Phase I of the Lodge Renovation Project started March 2, 2015. Phase I will consist of expanding the office, adding an office storage room, adding an ADA compliant restroom, and upgrading the reception area. New windows and insulation will make these areas more energy efficient. Please use caution when entering the lodge as it will be under construction. Tracy's office will be temporarily located at the west end of the lodge. Construction is scheduled to be completed before the camp opens in April. We hope the new space will make the lodge a more enjoyable place for members and staff. Feel free to use the Camp Delton Club Message Board to ask questions about this project.

Next Board Meetings (at the Lodge):

10 am: Mar. 21

9 am: May 16, June 20, July 18, Aug. 15, Sept. 19
